EXPERIENCE

SeeScan, Inc. San Diego, CA (Remote)

Digital Content Specialist (Web, Content & Analytics) Nov 2019 – Present

- Own web operations across SeeScan, DeepSea and SeeSnake Support, connecting product information, documentation, inquiry paths and support content to customer discovery, evaluation and post-sale use.
- Built a cross-site measurement and reporting system with GA4/GTM and Analytics HQ, bringing search, downloads and inquiry signals into scheduled reporting with defined metrics, freshness checks and data-quality controls.
- Improved the structure and findability of the support knowledge base by standardizing terminology and search metadata and developing a consolidation plan for overlapping content.
- Translate product launches and software releases into coordinated customer-facing updates across product pages, release notes, manuals and legacy support, partnering with product, engineering and DevOps.
- Manage production web fixes across navigation, product and support content, and downloads, validating changes and preserving customer access as the sites evolve.

Los Bravos Industrial Real Estate El Paso, TX - Juárez, MX (Remote)

GTM Operations & Analytics Consultant (Contract) Aug 2025 – Mar 2026

- Ran a cross-border industrial-leasing engagement from proposal through implementation and handoff, combining prospect research, bilingual content, website analytics and tools for the client's business-development work.
- Turned manufacturer and nearshoring research into prioritized outreach lists, company-intelligence briefs and a searchable lead workspace. Documented prospecting and content workflows for continued use after handoff.
- Prepared bilingual property and market materials for leasing conversations, including pitch decks, building one-pagers and LinkedIn content, with client review before publication.

SEBASTIAN BECERRA

EXPERIENCE CONTINUED

LEARN Academy & Victorise San Diego, CA

Web Development Intern Oct 2019 – Nov 2019

- Contributed to an Angular-to-React front-end migration at an AR startup; taught HTML, CSS and JavaScript basics at LEARN's Jumpstart Weekend.

TKO Advertising Austin, TX

Content Creator & Cultural Strategist May 2017 – May 2018

- Adapted campaigns for brands including Valvoline to reach Spanish-speaking audiences through copy, transcreation and voiceover production support; used social reporting to guide content and community engagement. Built CSS animations for the agency website.

The Work Crowd London, UK

Social Media & Digital Marketing Intern Jun 2016 – Jul 2016

- Ran social content and inactive-member outreach to recruit freelancers and re-engage the platform's existing community.

EDUCATION

University of Texas at El Paso El Paso, TX

Bachelor of Business Administration, Marketing Dec 2016

LEARN Academy San Diego, CA

Full-Stack Web Development, 480+ hours (JavaScript, React, Ruby on Rails, PostgreSQL) Nov 2019

SELECTED PROJECTS

- DIGITO: Build and operate an independent digital studio creating websites, content systems, business tools, automation and owned digital products for businesses and end users (digito.technology).
- BorderPulse: Built and operate a bilingual border-information product using official CBP wait-time data, automated data updates and tools for comparing crossings and planning trips (borderpulse.com)
